**REQUEST FOR EXTENSION TO JANUARY 27, 2009 ON BOARD REFERRAL REGARDING
IMPACT OF NEW STATE AIR RESOURCES BOARD REGULATIONS RELATIVE TO DIESEL
ENGINES**

On December 16, 2008, acting on a motion by Supervisor Antonovich, your Board directed County staff to report back to the Board on January 13, 2009 on the new regulations promulgated by the State Air Resources Board relative to diesel engines and diesel equipment. The report back will evaluate and analyze the impact of the State's new diesel fuel regulations on County fleet vehicles and equipment including operational, fleet inventory and fiscal impacts.

Four County departments are responsible for acquisition and maintenance of the County vehicle and equipment fleet: Fire, Internal Services, Public Works and the Sheriff. The Internal Services Department has assumed the lead in convening the fleet managers for the four departments to perform an overall County evaluation of the operational, inventory and fiscal impacts of the diesel fuel regulations recently promulgated by the State Air Resources Board. In order to complete an in-depth evaluation, additional time is necessary; it is therefore respectfully requested that the due date on this report be continued from January 13, 2009 to January 27, 2009.

If you have questions, please contact me or your staff may contact Deputy Chief Executive Officer, Ellen Sandt at (213) 974-1186 or esandt@ceo.lacounty.gov.
